Coffee shop I used to hang out in a small town I was
born
Such a small town, we grew up and run away...
Some stayed, some never left the town, yeah
Everyone was just so close...
Oh, well, sometimes so good to be so close
When you do like he does
Sometimes the worst to be so close
When you do but he just doesn't

Far away, too far away from home
Sometimes I think of home
Best friends, they came to good bye night I left
Time flies but time just never lies, yes
Time just tells a truth
Oh, well... like a taste of pie I always love
Just tells a truth...
Brings back all the memories and a smell of coffee

Cherry Pie! So shinny and so crispy!
Cherry Pie! A la mode is so good!
Cherry Pie! Sweet and sour like a life,
It's so good and it's so much fun!

Facing and chasing reality of my life
I can't run away this time...
I got to face it this time...
Think of home, think of my mom smiling
I'm alone in a big town sing a song
Think of dad, think of little sister...

I feel home when I have a piece of...

Cherry Pie! So shinny and so crispy!
Cherry Pie! A la mode is so good!
Cherry Pie! Sweet and sour like a life,
It's so good and it's so much fun!
