Keep our eyes open and see, what's going on
What do we see? How do we feel?
Is it a garbage dump? This city I was born...
It makes me sad... It really makes me want to cry...

What does wealth mean to us?
What's prosperity?
Do we really know?
What does freedom mean to us?
What does selfish mean to us?
Do we try to think?
Falling down...

Something is must be wrong, must be very wrong...
What's going on? What's going on?
An emptiness of this high growth economy
Who is trying to change?
I will! I'll be part of it!

What does health mean to us?
What does health mean to earth?

Shouldn't we start to think?
What do children mean to us?
What does government mean to us?
Do we really know?
Falling down... (Do we let it be?)

What does right mean to us?
Do we really have the rights?
(Do we really have?)
What does justice mean to us?
Do we really try to think?
(Do we really try?)

Falling down... What do we do?

Falling down... It's bound...
Falling down... How do we take?
Time is limited and short

Falling down... What do we do?
Falling down... It's bound...
Falling down... How do we take?
Time is limited and short
