Looking at the candles,  
Drawn in the memories feel so good  
Watching the shadows  
Still stars are shining

Feeling everything so close  
Grab the sands so softly with my hands  
In the world, in this one world  
Everything exists as one

In the gleam of dawn  
I and I dance and thank for a peace  
In the gleam of dawn  
I and I dream and play for a peace

Leaning on a tall tree  
Smelling a little flower far away  
With my mouth wide opened  
Make my mind empty

Hearing small waves come and go  
With my eyes lightly closed and lay down  
In the world, in this one world  
Everything exists as one

In the gleam of dawn  
I and I dance and thank for a peace  
In the gleam of dawn  
I and I dream and play for a peace

Another day, another night we live  
Another month, another year we live  
Time goes on

Sitting on a big rock  
Watching the river running through  
Jump into the water  
Swim down the river

See many colors in the sky  
Brown, red, white, black, blue and yellow

In this world, in this one world  
Everything exists as one  
In the gleam of dawn

In the gleam of dawn

In the gleam of dawn  
I and I dance and thank for a peace  
In the gleam of dawn  
I and I dream and play for a peace
