Now I soak myself in the ocean and feel the silence  
Just by myself... alone...  
Watching circles which kites draw and think...

Think of freedom, think of loneliness,  
Try to face myself  
Take a little breath and nod... forgive myself

Paddle out from a small world where I live  
Paddle out from a shortsighted society  
Paddle out from what I am with a smile on my face  
How wonderful it would be!  
How wonderful it would be!

Now I try to feel, now I try to heal  
Broken parts of mine  
In the twilight, in the perfect silence

Quiet water talks and teaches, in the silence  
In the stream of consciousness...  
Now I put myself down, face the sun

Think of nothing, think of nothing, I just close my eyes  
Breathe slow and nod... relieve myself

Stepping out from a narrow road where I walk  
Stepping out from a bewildering society  
Stepping out from what I am with a smile on my  
Face  
How exciting it would be!  
How exciting it would be!

Now I try to feel, now I try to heal  
Broken parts of mine  
In the twilight, in the perfect silence!

Twilight, twilight, twilight which I love the most  
(Stand alone in the sun)

Twilight, twilight, twilight which I love the most  
(Stand alone in the moon)

Twilight, twilight, twilight which I love the most  
(Stand alone in the sun)  
Twilight, twilight, twilight which I love the most  
(Stand alone in the moon)

Stand alone in the sun! In the perfect silence  
Stand alone in the moon! In the perfect silence
