Hey kids
Let's take a walk down Regal Street
Where rock stars and the egos meet
And all the danglers drool
He's so racy
He drives the girls all crazy
Ooh, but it's art he's makin'
He's so king pin kool
You're such a king pin

I don't mean to intrude
I'm just an ordinary guy
But if you want the truth
I gotta say you kinda bug me

(chorus)
But it's alright
I'm really into rock 'n roll big time
My girlfriend, she listens to you every night
She's so in love with you it's almost cruel
You're so king pin kool

Bamboozled
The boys all swoon on Regal Street
The Maseratis bloom so raisin sweet
Down by the Hearthrob Grill
So don't fake it
You can strut your stuff stark naked
Shoot off your mouth, we'll take it
Cuz you're king pin kool
You're such a king pin

I don't mean to intrude
I'm just an ordinary guy
But if you want the truth
I gotta say you kinda bug me

chorus
