Shut up and hit the road! Only road you see!
No one else can go! Go till the end!
Shut up and hit the road! So much to do!
Just remember to say I will never give up!

Even if you don't want, them to, bad things just happen
to you...
Do you still try to run away?
Nothing will be changing if you don't...
Don't try and do the best now
So stressed out, so tired... The mirror tells the truth...

What do you see? What do you want to see?
Does it really make you happy?
Life is short so why don't we start?

Shut up and hit the road! Only road I see!
No one else can go! Go till the end!
Shut up and hit the road! So much to do!
Just remember to say I will never give up!

Too much to ask and too much to think,

Sometimes I don't know why...
Why this world looks so ugly...
Freedom is too hard to control and justice is twice as
hard
So stupid! So stupid!
The mirror tells the truth!

What do you smash? What do you want to smash?
Pain is needed sometimes...
Life is short so why don't we start...

Sweet laugh, bitter laugh... I am laughing here...
I am standing here... Reality bites!

I am ready to take Good luck and bad luck...
Reality bites!...

Shut up and hit the road! Only road I see!

No one else can go! Go till the end!
Shut up and hit the road! So much to do!
Just remember to say I will never give up!
I will never give up!
