I'll drive you home just tell me where to go
Don't worry, I don't care if it's far away
It's getting late, have a seat, just dream

Why don't you just close your eyes and have a dream
Forget about things happened to you let it go, just let it
go...
You will be just feeling alright when you wake up
So just close your eyes...

Before everything else,
Let's go home baby, don't have to cry, just don't ask
why...
How about some music? Do you like Miles? I'll play it for
you...
Round about midnight...

Don't tell me why, don't tell me reasons...
You look so thin and you look so confused
You look so ill, you just make me sad...

I hope I'm not driving too fast, are you ok?
Forget about things you have been through,
The home is close, the home is close...
When you get home you'll start a new life,
I swear that you will have a new life

Before everything else
Let's go home baby, don't have to cry, just don't ask
why...
How about some donuts? Do you like honeydip? Have a
bite...
If you want, I'll sing a song, song about a dog...
Let's go home baby, won't be too long to get home
Round about midnight...

Wo wo wo wo wo
Wo wo wo wo wo
Wo wo wo wo wo
Wo wo wo wo wo

Run away, driving high way, nowhere to go, nowhere to
go...
Something we can't run away... that's sometimes we
find out,

Well as you know...

Before everything else
Let's go home baby, don't have to cry, just don't ask
why...
How about some donuts? Do you like honeydip? Have a
bite...

If you want, I'll sing a song, song about a dog
Let's go home baby, won't be too long to get to home
Round about midnight...
