I love it when you tell me
You'll ride with me into the sunset
Blaze across the plains beside me
Tell me it's as good as it gets
Something in the atmosphere moves me
Like a prancer in a cowboy's dream
I don't wanna be alone say we'll be together
You and me should be the team
Baby you've been pullin' on my heart reins
Fire this thing
Saddle up
Carry that ring
Can you feel the sting
Saddle up
It's equestrian swing
Take any bets
Saddle up
I'ts live with no nets
Forget the Corvettes
Saddle up
We'll make it in sweats
Saddle up
We could be the wildest caravan
Build a highway soft like skin
Slipping over secrets in Japan
Scaling fences in Berlin
We don't need cars, trains super jet-planes
We're riding on a thing that's true

All across the world we should be caballeros
Everyone's a buckaroo
I love it when you tell me you'll be ridin' like you do
American Boys
Saddle up
Parisienne girls
Some are beach toys
Saddle up
Bands of the world
Canadian nights
Saddle up
West German delights
Australian red lights

Saddle up
British outrights
Saddle up
It's said that love is nature's second man
I see you, you're the only one
You and me should be a frontier story
Find it in each other's territory
World would change I know because
History is never what it was
Come on
Take any bets
Saddle up
We'll make it in sweats
Can you feel the sting
Saddle up
It's equestrian swing
Saddle up
