Somehow feel so left alone
Somehow it seems so dead and dry here
Can not find anything in this fog
Lack of confidence stops the steps
Stand like a dead tree going nowhere
So lost now in this society

Listen to the rhythm comes from inside
Don't look around just close the eyes
Listen to the rhythm comes from inside
Don't be afraid the rhythm will tell

Always look for inside

So many people in the world
So many different kinds of rhythms exit so
Very confusing and

It's too noisy to realize
May be you feel you have to be dancing
With a rhythm of someone else

Listen to the rhythm comes from inside
Dance and walk with a rhythm of yours
Listen to the rhythm comes from inside
Don't be ashamed to dance alone

Other rhythms bring you disorders
Even though they sound and look so cool
Nothing can be better than the one

Some people like to dance but
They don't try to listen to the rhythm
Some people like to dance 'cause
Many say it's so cool dance

Listen to the rhythm comes from inside
Dance and walk with a rhythm of yours
Listen to the rhythm comes from inside
Don't be ashamed to dance alone

Listen to the rhythm comes from inside
Don't look around just close the eyes

Listen to the rhythm comes from inside
Don't be afraid the rhythm will tell

Other rhythms bring you disorders
Even though they sound and look so cool
Nothing can be better than the one
