Feat. Natalie Peris

I can't believe the end is here,  
All is gone and disappeared.  
Now it seems that we're through.

I can't believe that all has past,  
When I thought that things would last.  
It all seems so untrue.

And now it's over,  
Anything that I say  
Won't matter to you anymore.  
I'm broken hearted  
Since you walked through that door.

Is it foolish?  
Is it wrong to believe that some day  
You'll be mine again?  
Although I'm hurtin'  
I'll be waitin' for you, you,  
(I will be here for you).

Forever, forever for you,  
(For you)  
To end this pain of mine.  
(End this pain of mine)

Forever, forever for you.  
Hold me in your arms  
Just one more time.

I guess there is no use  
To beg to get another chance,  
So tell me what to do  
And if I should change anything,  
Yeah.  
I'm in too deep,  
I know, it's sad but true.  
Don't forget  
Whenever you come back  
I'm here for you

(Waitin' for you)

Forever, forever for you,  
(For you)  
To end this pain of mine.  
(End this pain of mine)

Forever, forever for you,  
Hold me in your arms  
Just one more time.
