Want a love to last forever
One that will never fade away
I want to help you with your problem
Stick around, I say

Coming up, coming up, yeah
Coming up like a flower
Coming up, I say

You want a friend you- can rely on
One who will never fade away
And if you're searching for an answer
Stick around. I say

Its coming up, it's coming up
Its coming up like a flower
Its coming up. yeah

You want some peace and understanding
So everybody can be free
I know that we can get together
We can make it, stick with me

Its coming up, it's coming up
Its coming up like a flower
Its coming up for you and me

Coming up, coming up
Its coming up, it's coming up, I say
Its coming up like a flower
Its coming up
I feel it in my bones

You want a better kind of future
One that everyone can share
You're not alone, we all could use it
Stick around were nearly there

Its coming up, it's coming up everywhere
Its coming up like a flower
Its coming up for all to share
Its coming up, yeah

Its coming up, anyway
Its coming up like a flower
Coming up
