Tell me, why you keep foolin', little coquette
Makin' fun of the ones who love you?
Breakin' hearts you are ruling, little coquette
True hearts tenderly dreamin' of you

Someday, you'll fall in love like I fell in love with you
Maybe someone you love will just be foolin'
And when you're alone with all your regrets
You'll find, little coquette, I love you

Ooh, tell me, why you keep foolin', little coquette
Makin' fun of the ones who love you?
Breakin' hearts you are ruling, little coquette
The true hearts tenderly dreamin' of you

Well, someday you'll fall in love like I fell in love with
you
Maybe the one you love will just be foolin'
And when you're alone with all your regrets
You'll find, little coquette, I love you

I love you, I love you
