Got a place  
We can go  
Lights are low  
Let me show you to my darkroom

Come a come along with me  
To my darkroom  
Come a come along with me  
To my darkroom

Come a come along with me  
To my darkroom  
Come a come along with me  
To my darkroom

Got a place  
We can go  
Lighting low  
Let me show you to my darkroom

Come a come along with me  
To my darkroom  
Got a place  
Come a come along with me  
To my darkroom  
We can go

Got a place  
We can go  
Lighting low  
Let me show you to my darkroom

Come a come along with me  
To my darkroom
