Though some things in life are hard to bear  
Don't let it bring you down  
Should the sands of time run out on you  
Don't let it bring you down

Don't go down, don't go underground  
Things seem strange but they change  
How they change

Up and down your carousel will go  
So don't let it bring you down

Don't go down, don't get out of town  
Get to know how it goes, how it goes

When the price you have to pay is high  
Don't let it bring you down

Don't let it bring you down
