I've been waitin' on the other side
For your friends to leave
So I don't have to hide
I prefer they didn't know

So I've been waitin' on the other side
For your friends to go

I've been sliding down a slippery slope
I've been climbing
Up a slowly burning rope
But the flame is getting low

I've been waitin' on the other side
For your friends to go

You never need to worry about me, I'll be fine on my
own
Someone else can worry about me
I've spent alot of time on my own
I've spent alot of time on my own

I've been waitin' till the danger past
I don't know
How long the storm is gonna last
If we're gonna carry on

I'll been waitin' on the other side
Till your friends are gone

So tell me what I wanna know
I'll be waitin' on the other side
For your friends to go

Someone else can worry about me
I've spent alot of time on my own
I've spent alot of time on my own

I've been waitin' on the other side
For your friends to leave
So I don't have to hide
I prefer they didn't know

So I've been waitin' on the other side
For your friends to go

I've been waitin' on the other side
I've been waitin' on the other side
For your friends to go
