Today's the day I'm gonna pack my bag and troubles
away
I go when I don't ever plan to return
It's just too difficult to stay
I gave it my best shot
and now I've got to say
That this is it, this is the end
This really is the end

It's not your fault
It's not my fault
It's just the way...

It is just the way I choose to live my life
I wear this jipsy shoes
and I can only hope each time I do commit to someone
new
I dont ever give them blues
It's just the way I always choose
So please don't take it out on me
and please don't take it out on me...

It's not your fault
It's not my fault
It's just the way,
It's not your fault
(Guitar solo comes in)

It's not anybodys fault

It's not anybodys fault
I'll make it my problem
I'll make it my vow

The today that I will settle down with you
Yet always, always dream that I'm away
Chasing down all I have to offer
and I'll wait 'til you get bored of me
and all my daydream fantasizies of how
I get away with living in the moment of materially

It's not your fault
It's not my fault
It's just the way...
It's just the way it is
