"Nod Your Head"

Visit "[Nod Your Head](#)" on MotoLyrics.com

If you really love me, baby
Better than stayin' in bed
If you really love me, baby
Nod your head

If you really love me, baby
"Till you fall down dead", she said
If you ever wanna make it
Nod your head

Nod it up, nod it down
Side to side, round and round

If you ever wanna prove it
Then you hang it on a thread
If you ever wanna shake it
Nod your head

If you think the life you're leading
Is better then the life you led
If you like the life you're livin'
Well, nod your head

Well, nod it up, nod it down
Side to side, round and round

If you really love me, baby
Better than stayin' in bed
If you really love me, baby
Nod your head
