Well, you know I'll always love you  
But it would have been a lie  
If I said that I could please you  
Every moment that I try

Wouldn't want to see you crying  
So I hope you don't mind the things I say  
On the way

Well, we've been traveling for a long time  
And we finally finished here  
Though I said some things to hurt you  
Well, it was only out of fear

Wouldn't want to see you crying  
So I hope you don't mind the things I say  
On the way

Well, you know I'll always love you  
Everything will be alright  
If I know you don't mind the things I say  
On the way

I know you don't mind the things I say  
On the way

Well, you know I'll always love you  
Everything will be okay  
If I know you don't mind the things I say  
On the way
