Give me your hand I'd like to shake it
I want to show you I'm your friend
You'll understand if I can make it clear
It's all that matters in the end

Put it there if it weighs a ton
That's what the father said to his younger son
I don't care if it weighs a ton
As long as you and I are here, put it there
Long as you and I are here, put it there

If there's a fight I'd like to fix it
I hate to see things go so wrong
The darkest night and all it's mixed emotions
Is getting lighter sing a song

Put it there if it weighs a ton
That's what the father said to his younger son
I don't care if it weighs a ton
As long as you and I are here, put it there
Long as you and I are here, put it there
