Applies to the words 'You' and 'Me'  
While takin' a walk through an African park one day  
I saw a sign say, 'The animals have the right of way'

Wild life, whatever happened to  
Wild life, the animals in the zoo?

We're breathing's so hot, another political nonsense in  
the air  
You're making it hard for the people who live in there  
You're moving so fast, but, baby know not where

Wild life, what's gonna happen to  
Wild life, the animals in the zoo?

You'd better stop, there's animals everywhere  
And man is the top, an animal too  
And, man, you just got to care

Wild life, what's gonna happen to  
Wild life, the animals in the zoo?

You're breathing a lot of polical nonsense in the air  
You're making it hard for the people who live in there

Wild life, what's gonna happen to?  
(Wild life, what ever happened to, whatever happened  
to)  
Wild life, the animals in the zoo?  
(Wild life, what ever happened to, whatever happened  
to)

Wild life, what ever happened to, whatever happened  
to  
Wild life, what ever happened to, whatever happened  
to  
Wild life, what ever happened to, whatever happened  
to  
Wild life, what ever happened to, whatever happened  
to  
(The animals in the zoo)

Wild life, what ever happened to, whatever happened  
to  
Wild life, what ever happened to, whatever happened  
to  
Wild life, what ever happened to, whatever happened  
to  
Wild life, what ever happened to, whatever happened  
to

Wild life, what ever happened to, whatever happened  
to  
Wild life, what ever happened to, whatever happened  
to
