I'm swallowing things I'm not sure of
They pass through my system.
Cellotape and rubber bands.

How long must I wait for you to perform
the operation to remove these crosses from me?
I can not avoid your sexual attacks
In this correctional facility of love.
I'm lucky I haven't had to do anything violent
to get what I want... Up until now.
How long must I wait for you to perform
the operation to remove these crosses from me?
I can not avoid your sexual attacks
In this correctional facility of love.

My best friend, the warden, says,
"I'll be the one to beat you to the chase for your heart
And all these flowers that you send, they just
tend to suggest we are more than just friends".

I'm swallowing things I'm not sure of
They pass through my system.
Cellotape and rubber bands.

How long must I wait for you to perform
the operation to remove these crosses from me?
I can not avoid your sexual attacks
In this correctional facility of love.
