I see you standing there, like a painting
When I realize you're not here heart starts aching
Some time, somehow, somewhere I'll find a way to
carry on
But now I feel just pain and fear, oh god what have I
done

What can I do - I cry
Cannot live, cannot die

A promise it's forever - just a lie
(we) said we stay together - just a lie
some time, somehow, somewhere I have to find a life
without you
but memories can't disappear, you know that I still love
you

What can I do - I cry
All I have to do, is to say good bye

Ref:
Deliver me (let me) out of your heart

I don't wanna be always a part of you
I can't endure more sorrow and lies
Deliver me, I pay the price of love

Time is passing by - I'm still alive
My tears for you are dry but it still hurts
Maybe you feel now like I felt, you see me in your
dreams
You're in my arms, you hold me tight but it's not like it
seems

You awake - you cry
Yes, remember that I said good bye

Ref:

Deliver me..

Bridge:

We know some time we're ready to start again
In another time, another life
