I know a tiny waterfall  
A magic little place  
Where we can play together  
And watch the fishes race

Children, children, where are you?  
Hiding in the forest, playing in the rain  
I hope you not too far away  
For me to see again

Well, I know where there's a fairy  
Who will invite us all to tea  
But she won't let me in alone  
You'll have to come with me

Children, children, where are you?  
Hiding in the forest, playing in the rain  
I hope you not too far away  
For me to see again

Start all over again

I know a tiny waterfall  
A magic little place  
Where we can play together  
And watch the fishes race

Children, children, where are you?  
Hiding in the forest, playing in the rain  
I hope you not too far away  
For me to see again
