When you were young and your heart was an open  
book  
You used to say live and let live  
(You know you did, you know you did, you know you  
did)  
But if this ever-changing world in which we live in  
Makes you give in and cry, say live and let die  
Live and let die, live and let die, live and let die

What does it matter to ya  
When you've got a job to do?  
You gotta do it well  
You gotta give the other fellow hell!

You used to say live and let live  
(You know you did, you know you did, you know you  
did)  
But if this ever-changing world in which we live in  
Makes you give in and cry, say live and let die  
Live and let die, live and let die, live and let die
