All she wants is everything and more
You gave her love, where's the encore
You feel lost where you felt secure
All she wants is everything
La la la-la la-la
La la la-la la
She took your hands when she caught your eye
She questioned your faith and your reason why
Stole your breath when first you kissed
Now you need an account, not an analyst
You're in so deep, only down is out
She drained your soul like your bank account
Every bond has been destroyed
How much more nothing can she add to the void
Ah, yeah
On, on and on she goes, where it stops no-one knows
On, on and on she goes, where it stops no-one knows
On, on and on she goes, where it stops no-one
knooOoows
She took the bridal and bit into your fun
Your friends all who the trousers are on
Your minds make up, zips undone
Hey, everyone
La la la-la la
La la la-la la
La la la-la la
You were once in pink, now you're into the black
So much ceiling and you're not on your back
All you kept was a sense of lost and the growing
Knowledge
Of a freedom cost
She had her cake, she ate it too
And she cleaned her plate with a piece of you
Swallowed the carcass and dump the remains
Now she's taken your words so you can't complain
Ah, yeah
On, on and on she goes, where it stops no-one knows
On, on and on she goes, where it stops no-one knows
On, on and on she goes, where it stops no-one
On, on and on she goes, where it stops no-one knows

On, on and on she goes, where it stops no-one knows
On, on and on she goes, where it stops no-one
knooOoows
Hey!
La la la-la la
La la la-la la
La la la-la la
La la la-la la
La la la-la la
La la la-la la
La la la-la la
La la la-la la
La la la la la laaaao
