Hey DJ!

Tonight stars
Tonight I'm seein' stars x3

Once again, I find myself with my friends, dancing the
night away,
It's like the party never ends.
Then again we don't want it to stop, 'cause tonight's the
night it goes sweatbox, laser beams, flashing lights,
wild cards,
Men from mars, dressed in stars and stripes,
Eclectic electric
Ladies of the evening
Drinking booze and mingling...

Mashing to the music, I can do anything
Freaky dicky star speckles and pink butterflies
And life is nice, so nice.
I walk into a club and I've found paradise,
I'm seeing stars, I can't believe my eyes.

Oh my starry eyed surprise, sundown to sunrise,
I dance all night, we're gonna dance all night, dance all
night to this dj.
Ah sugar, dance all night to this dj.
Oh my starry eyed surprise, sundown to sunrise,
Dance all night, we're gonna dance all night, dance all
night to this dj,
Ah sugar, dance all night to this dj, dance all night to
this dj, lover dance all night to this dj.

Like the record spins on the trails we blaze
The walls are closing in but that's ok because I've been
waiting all week to feel this way and it feels so good, so
good.
I'm on top of the world the coolest kid in the
neighborhood
So let me be your star for one night that's right.
Sweatbox, laser beams, flashing lights, you've got to
feel the rush, feel the spice of life.

Love-life, shifty rolls the dice snake eyes surprise.
Icing, mesmerizing, the minds are sick ones 'cause
what we are, is victims of fun.
Come on, come on, the fun is just begun; come on the
fun is just begun. ha ha!

Oh my starry eyed surprise, sundown to sunrise,
Dance all night, we're gonna dance all night, dance all
night to this dj.
Ah sugar, dance all night to this dj.
Oh my starry eyed surprise, sundown to sunrise,
Dance all night, we're gonna dance all night, dance all
night to this dj,
Ah sugar, dance all night to this dj, dance all night to
this dj, lover dance all night to this dj.
