Lately I've been hard to reach
I've been too long on my own
Everybody has a private world
where they can be alone

Are you calling me
Are you trying to get through
Are you reaching out for me
Like I'm reaching out for you

One way conversations
Going on inside my head
Everybody has a secret world
where too much is unsaid

Are you calling me
Are you trying to get through
Are you reaching out for me
Like I'm reaching out for you

Give me your hand
One touch is all that it takes
Ain't it funny how just one touch
Can make up for all of our mistakes

Lately I've been hard to reach
I've been too long on my own
Everybody has a private world
where they can be alone

Are you calling me
Are you trying to get through
Are you reaching out for me
Like I'm reaching out for you
