I went down to the centre of town  
And my feet was a burning ground  
She stood on the corner merrily as can be  
I said hey good lookin won't you come with me  
She said yeah  
I am the stealer  
Came to steal your love

The sun was shining  
The world was right  
I said "tell me baby wha'cha doin' tonight"  
I'm goin' round the corner  
Where the music's loud  
I'm tired of the city  
Won't you come on round  
I said yeah!  
I'm the stealer  
Come to steal your love

Steal your love oh yeah!

Goin' round the corner  
Where the music's loud  
I'm tired of the city  
Won't you come on round  
I said yeah  
I am the stealer  
Come to steal your love

Steal your love  
Steal your love  
Steal your love

I am going to steal you love away  
I am going to steal you love away  
Steal your love.
