[Verse]

They say it's over
But I have just begun to fight
It may look hopeless
But that's the moment from what's right

Someday, someday, somewhere
I'm gonna take you there
Where angels dare to fly

Some people wait forever
Some people just run out of time
Some people live in darkness
And give up just before the light

You (you), me (me)
No we won't back down
Let all the others wait
I want someday, someday, right now

[Verse]

The sun is risin'
I see confusion everywhere
The world that's dyin'
There's revolution in the air

Someday, someday, somewhere
I'm gonna take you there
Where angels dare to fly

Some people cry a river
But never see the other side
Some people bow down broken
And end up swallowed by the tide

You (you), me (me)
No we won't back down
Let all the others wait
I want someday, someday, right now

[Guitar Solo]

Some people wait forever
Some people just run out of time
Some people live in darkness
And give up just before the light

Some people cry a river
But never see the other side
Some people bow down broken
And end up swallowed by the tide

You (you), me (me)
No we won't back down
Let all the others wait
I want someday, someday, right now
