She packed up her car
She told her man goodbye.
He didn't say a word
He didn't even cry.
Walk a mile in Ray Ann's shoes

27 years straight down the drain
She's stayin' with a friend
She's ready for a change
Walk a mile in Ray Ann's shoes

She keeps a smile on her pretty face
She goes through life with amazing grace.
If you don't think she ever gets the blues
Walk a mile in Ray Ann's shoes.

She wants to be held
She needs to be touched
By someone who cares
She don't ask for much
Walk a mile in Ray Ann's shoes.

She's startin' over again
All her kids are gone
She ain't lookin' back
She's movin' on
Walk a mile in Ray Ann's shoes.

She keeps a smile on her pretty face
She goes through life with amazing grace.
If you don't think she ever gets the blues
Walk a mile in Ray Ann's shoes.

If you don't think she ever gets the blues
Walk a mile in Ray Ann's shoes.
