[Paul Wall:]

Boys talkin' down  
On the sidelines watching, wishin' they was playin' the  
game we playin'  
But its all good though  
Paul Wall Brooke what up baby

[Brooke:]

What it do Paul Wall  
Look who's talkin'

[Paul Wall:]

Okay, hey  
What it do  
I hear the commentators on the side chatter boxing  
Paul Wall and Brooke got all the paparazzi watching  
I hear them jaw japping bumping guns chasing crones  
We ain't concerned with them bums we accumulating  
funds  
Plastic wrist got the Johnny Dang watch froze  
5 kid vivid yellow stone in my earlobe  
I'm squashing chatter when the light hit the pinky ring  
Starch and clean white puff with the lean  
See me in the new Benz 'cause I'm oh so ballin'  
Or a old school slab with the fifth wheel fallin'  
We got em talkin' but really they ain't saying too much  
Just speculating with that gossip truth is they don't  
know about us

[Brooke:]

I see your lips moving but I don't hear nothing (No)  
Everybody talking like they really know something  
about us (They don't know baby)  
But they don't know nothing about us (They don't know  
baby, they don't know about it)  
I see your lips moving but I don't hear nothing (No)  
Everybody talking like they really wanna know about us  
(They don't know baby)  
But they don't know nothing about us (They don't know  
baby, they don't know about it baby)

[Brooke:]

I'm just trying to live but your all up in my grill  
How's a girl to breathe with all the media starring down  
my mouth  
With a four inch lenz I just wanna hit the mall with some  
of my friends

[Paul Wall:]

They talkin' bout us so I guess were doing something  
right

Ballin' in the mix with the camera lights shining bright  
They know we caked up but they don't know how much  
we worth  
Paper stacked to the ceiling now because we put in  
work

[Brooke:]

Picture yourself up in my shoes  
Top story in the news  
Everyday its something new  
Everybody's watching you  
But they ain't seen nothing  
They ain't heard nothing  
Everybody's just fronting, that's what they do

[Brooke:]

I see your lips moving but I don't hear nothing  
Everybody talking like they really know something  
about us  
But they don't know nothing about us  
I see your lips moving but I don't hear nothing (No)  
Everybody talking like they really wanna know  
something about us (They don't know baby)  
But they don't know nothing about us (They don't know  
baby, they don't know about it baby)

Stop stop stop

I'm not listening

You can save your breath

I don't wanna hear the rumors people are spreading

Why, why do people go

Out of there way

To try to bring us down

They don't know nothin bout us

I see your lips moving but I don't hear nothing (No)

Everybody talking like they really know something  
about us (They don't know baby)

But they don't know nothing about us (They don't know  
baby, they don't know about it)

I see your lips moving but I don't hear nothing (No)

Everybody talking like they really know something

about us (They don't know baby)  
But they don't know nothing about us (They don't know  
baby, they don't know about it baby)
