Oh girl, I'd be in trouble if you left me now  
'Cause I don't know where to look for love  
I just don't know how

Oh girl, I'd be in trouble if you left me now  
'Cause I don't know where to look for love  
I just don't know how  
Oh

It started off, we were two peas in the pod  
Motivated by love with the blessings of God  
We were head over heels in this love thang  
Funny, ain't it? Thinkin' back, our friends thought it was  
just a fling

I used to call you on the phone, late night tip  
Mackin' to you in your ear, conversation well equipped  
I used to make you laugh, I used to make you smile  
But all the while your roommates were in denial

We felt a lot of jealousy from the very start  
Your so-called friends kept tryin' to tear us apart  
They used to tell you all kinda lies  
Just like a wolf in sheep's clothing, the devil came in  
disguise

They transformed all your smiles into tears  
To sabotage your happiness and blamed it on my busy  
career  
I gave you e'rythang, aimin' to please  
But I guess it wasn't enough 'cause now you ready to  
leave  
But don't go baby

Oh girl, I'd be in trouble if you left me now  
(What it do baby, don't leave me hangin' baby)  
'Cause I don't know where to look for love  
(I know you feelin' this)  
I just don't know how  
(I'm just sayin' though)

Oh girl, I'd be in trouble if you left me now

(I know you hearin' me, so don't do it baby)  
'Cause I don't know where to look for love  
(You know I keep it real)  
I just don't know how  
(Just let me tell you somethin')  
Oh girl

Lil' momma been down with me for a while  
When you tryin' to smile I'm the one you like to dial  
But lately I've been on a mission for commission  
So while you at home wishin' you was with me I've been  
missin'

But listen I'm tryin' to lace you up with diamonds that  
glisten  
I got a vision so baby you need to kill all the fiction  
Don't listen to what your friends sayin', they just jealous  
'Cause they on the sidelines watchin' while you in the  
game playin'

I'm just sayin' you should be stayin', but I ain't trippin'  
I'm in love with my money baby that's how I'm livin'  
You know I got you on my mind like an edge up  
And all of your naggin' me and whinin' it got me fed up

I'm on the grind hustlin', stackin' my cash  
But you just think I'm in the streets chasin' after some  
\*\*\*

Tryin' to break that bread, I'm tryin' to get that cake  
But you complainin' talkin' 'bout you fin' to skate  
Baby what it do

Oh girl, I'd be in trouble if you left me now  
'Cause I don't know where to look for love  
I just don't know how

Oh girl, I'd be in trouble if you left me now  
'Cause I don't know where to look for love  
I just don't know how  
Oh

I'm tryin' to tell you 'bout your friends hatin'  
While they be over there complainin' I'm just on my  
grind paper chasin'  
You got them insecure thoughts in your mind  
But instead of chasin' \*\*\*\* I be overtime on my grind

You steady listenin' to the gossip in the beauty shop  
But all them jealous single females want what you got  
They would do anythang to take yo' place  
'Cause every time I come around they be givin' me that

sex face

You ridin' \*\*\*\*\* in the James Bond Benz  
With the frog-eyed lens on them 20 inch do rims  
So why you worried about your jealous so-called  
friends  
I'm just on my grind tryin' to stack me up some ends  
baby

I used to make you laugh, I used to make you smile  
And all the while your jealous friends been in denial  
I ain't askin' much, lil' momma just keep it real  
Either you're down with me or not, baby what's the  
deal?

Oh girl, I'd be in trouble if you left me now  
'Cause I don't know where to look for love  
I just don't know how

Oh girl, I'd be in trouble if you left me now  
'Cause I don't know where to look for love  
I just don't know how

Oh girl, I'd be in trouble if you left me now  
'Cause I don't know where to look for love  
I just don't know how

Oh girl, I'd be in trouble if you left me now  
'Cause I don't know where to look for love  
I just don't know how

Oh girl, I'd be in trouble if you left me now  
'Cause I don't know where to look for love  
I just don't know how

Oh girl
