Young Dun, P Wall.
It is what it is.

She had big bubble eyes and skin like peanut butter, even though I hear boys talk I stil love her. First time we met was like a dream come true, cuz these niggaz on tha streets ain't seen nothin like u. It was a red-head sunshine fresh from California, boys went 2 trippin' when I put tha candy on ya, still got ya back, got tha iron, its whatever, jackers stay hatin', they can't stand we together. Baby wanna creep even though I'm fo' deep, cuz she shine like Lil' money whenever we hit tha heat. Done had plenty women but ur still my wife, from tha 80's through tha 90's been tha love of my life. Now ur hip swangin', wide body bangin', ur parkin lot pimpin' when we at tha club hangin', strip was on fie they was lovin' ya mayne, and everytime I c her its just a beautiful thing...yeah

U look(u look) so fly(so fly)
I luv tha way u feel inside
Its just somethin' about tha way u move
All eyes on me whenever I'm wit u

U look(u look) so fly(so fly)
I luv tha way u feel inside
Its just somethin' about tha way u move
All eyes on me whenever I'm wit u

Yeah my woman got a grill but shes o so classy, when shes strutin' down tha block she looks o so sassy. She looks good in them high heels, them 24's look fly. She likes 2 shine in neon lights when she b wavin' goodbye. Whenever I...turn her on and start warmin' her up, I take my time and move slow, until shes ready 2 cut, and sometimes I run her hot, so I just take her back home and put her up for awile and give her some time on her

own. I like my girls a little thick, that big body is great, I must admit that I'm in luv wit that wide ol shape, and yeah shes high mantaince, every week goin out shop, either gettin' somethin waxed or just fixin' her locks. I'm ridin wit her actin' bad, makin everybody jelous, she gets mad at me when I b hangin out wit tha fellas. I hear these new schoolers hatin', but they just don't understand, them foriegn chicks can't do it like my old school can... man

U look(u look) so fly(so fly)
I luv tha way u feel inside
Its just somethin' about tha way u move
All eyes on me whenever I'm wit u

U look(u look) so fly(so fly)
I luv tha way u feel inside
Its just somethin' about tha way u move
All eyes on me whenever I'm wit u

I like 2 keep my girl lookin' clean, look how she shine when we floss, ain't she really clean. She like nice shit so she keep my spendin' green, from tha front 2 tha back, shes a mean machine, she like 2 make alot of noise when she b on the block, sometimes tha neighbors get mad and they call tha cops, I don't trust boys cuz they might try and snatch ya, my baby momma got jelous and she tried 2 scratch ya. She got my on her back, it reads "Archie's Bitch" and I'll hurt ya if ya try and take Archie's shit. I still remember when u had 2 have that operation, u came out with six T.V.'s and a playstation. I might let a nigga ride but don't slam my door, and I'ma put u out if u put them ashes on my floor. I think we look so fly when we ride together, I swear 2 God
