I'm in town, girl, for just one night  
You're so fine, girl, you're just my type  
You just might make me miss my flight  
Lemme lay your body down tonight

We gonna spend time, you name your price  
I don't trip but for you, I might  
Tryna get deep, girl, don't make me fight  
Lemme lay your body down tonight

Open up ya eyes and ya see quite clear  
No more crying, no more tears 'cause ya champion is  
here  
I'm the superman you seek, I sweep ya off ya feet  
From the moment our eyes meet, girl, you in for a treat

The attraction is so unique, the conversation is sweet  
Love making under the sheets, it'll make the mission  
complete  
Your body language is loud, girl, you speaking it well  
But maybe I do the fool, put you under my spell

I'm suave and debonair, you sexy with long hair  
This chemistry's so rare, just kick back and chill  
Let the moment take control, ya Prada goes my gold?  
But baby, let's take it slow, lemme show ya I'm real

If them looks could kill, ya be wanted in every state  
Ya body shape is great, collaboratin' is fake  
When you open up the gates, be ready to love make  
I'm ready to back break, girl, you wet as a lake, I can't  
wait

I'm in town, girl, for just one night  
You're so fine, girl, you're just my type  
You just might make me miss my flight  
Lemme lay your body down tonight

We gonna spend time, you name your price  
I don't trip but for you, I might  
Tryna get deep, girl, don't make me fight  
Lemme lay your body down tonight

Go on and let ya hair down, you in the midst of a playa  
I'm the answer to ya prayers, we make a perfect pair  
I handle with great care, I'm packing, girl, beware  
Go on, come back to my lair and I'll make you believe

Some slow jams and candle light, make the mood right  
I do it just like ya like it, sweat ya out of ya weave  
From the second you arrived to the moment you leave  
I'll have you huffin' and puffin' but please don't forget  
to breathe

Ain't no tricks up my sleeve but I know you still debatin'  
But baby, no more waitin', it's time for Mr. Slayton  
Them other clowns been fakin' but I'm here for the  
takin'  
No worries of baby makin' 'cause I pack a Gary Payton

Me and you layin' naked in them birthday suits  
Is reserved in body rockin', baby, knockin' them boots  
Now you know you lookin' cute but it's time to decide  
All playing games aside, you gon' ride, baby

I'm in town, girl, for just one night  
You're so fine, girl, you're just my type  
You just might make me miss my flight  
Lemme lay your body down tonight

We gonna spend time, you name your price  
I don't trip but for you, I might  
Tryna get deep, girl, don't make me fight  
Lemme lay your body down tonight

Get closer, baby, tonight, I'll give you what you need  
From the moment that our eyes met  
Girl, I knew that you were meant for me  
You and me and chemistry

So what you wanna do tonight?  
I'm tryna be with you tonight  
'Cause you're lookin' so nice  
So nice

A bowl of strawberries and some ol' wet rose  
Some ya sweet talkin' in ya ear, make ya come out  
them clothes  
When the moon light reflect off the sweat of your skin  
I'ma demonstrate, then separate the boys from the  
men

Lemme swim inside ya ocean, ya body is smooth as

lotion

Let's get full of that potion and leave ya head full of  
grouse

Baby, it ain't no jokin' when I tell ya it's real

So baby, tell me how ya feel, what's the deal, baby?

We gonna spend time, you name your price

I don't trip but for you, I might

Tryna get deep, girl, don't make me fight

And lay your body down tonight

Down tonight
