[Juicy J]

Does it real good

Does it real good

[Chorus]x2

Now when I pull up at the club I'm lookin so clean

Se-se-seven seven Cut Dog painted lime green

To-to-today I'm married and my wife don't play

If ya want me to treat you ugly bitch you gotta pay

[DJ Paul]

Can it be my Rolls that pull all these hoes

Or can it be my Cadillac wit 20-inch Vogues

Can it be my manison in Memphis jacuzzi

Or could it be my crib in Florida on the beach

Can it be the ten million records that I sold

Or can it be the first one that ever went gold

Whatever it be like y'all jaw cause I don't stop

Continuously to make a ho draws drop, yeah

[Juicy J]

I used to always wonder why my girls have fits

When I walk up out the mall they be lookin at me pissed

Maybe just because I ball ridin eight or nine whips

And my name is Juicy J and I ain't payin no bitch

When I was broke as a joke they didn't wanna get wit

me

Till I bought a Maybach now they all wanna lick me

Wit a Playboy mansion downtown in the city

And the hoes lined up like ninety centy pennies

[Chorus] x2

[Paul Wall]

I got the candy drippin stains off the Range when I'm  
switchin lanes

I'm in the slab glass house swangin grippin grain

They tellin me I'm the mane stangin licks to make a  
gain

Livin life in the fast lane gettin money I can't complain

These boppers see me ridin swangin wanna taste the

fame  
But you gotta break that bread wit me baby I'm married  
to the game  
I fell in love wit stackin change I'm addicted to countin  
cash  
I ain't worried bout naan ho I ain't concerned wit naan  
ass  
I'm bout that dollar get it right I'm not out here lookin  
for a wife  
I'm out here on that top flight on the grind all day and  
night  
I'm a baller I'm a pimp I'm a thug and I'm a hustler  
If you want some of this lovin break bread girl you a  
customer

[Chorus] x2

[Crunchy Blac]  
See she's a freak ho let me tell you all a-bout it  
I met her in the Valley and the valley ain't Cali  
She tried to act shy but I knew she was bout it  
Hotter than a summer day when it ain't cloudy  
She say she want cheese but thats no doubt it  
She just another ho I'mma hit then I'm out it  
I'm just like Jody out the back door see  
Hidin my face cause her old man know me

[Chorus]
