I come to you  
When you least expect  
I call to you  
To come with me now  
I ask of you  
To drop all things  
Of absolution  
And whatever may be  
In your hands

All on a misty morning  
I come to you with love  
All on a misty morning  
I come to you  
I come to you with love

I talk to you  
As a lover should  
With a voice  
Close to your ear  
If I may  
Get so near enough  
You might hear  
What I hear

It was all on a misty morning  
I come to you with love  
All on a misty morning  
I come to you  
I come to you with love

Let my hands be nimble  
Let my tongue be quick  
Let my loins move slowly  
Against your skin

Let my face and mind  
Disappear for a while  
Let my kisses rain  
Down like silk

Let our spit and sweat

Mingle into one  
Let it form a stream  
Of union  
That would always run  
Forever on

It would have no start  
And know no end  
It would have no start  
And know no end

All on a misty morning  
I come to with love  
All on a misty morning  
I come to you  
I come to you with love
