Just a push button automatic kind of guy  
looking at the liquid just a night after night  
Chat room hard core looking to find  
My wrists are aching on screen I am faking

Just a push button automatic kind of guy  
Suffering in an ocean when my body stays dry  
Download hard drive here on the live  
In segregation the new creation

Every day I am just wasting a way to bring the world  
much closer  
On site time into the night  
Click on click on click on

Just a push button automatic kind of guy  
Hiding in a fantasy to keep me alive  
Mega-byte mega-shyte dot com delight  
My card is burning everything I am learning

Everyday I am just wasting away  
To bring the world much closer  
All my life is now online  
Click on click on click on

I've a push button automatic kind of life  
Suffering in pollution where my body stays dry

Down load  
Sidelines  
Apathy fries  
In segregation  
Digital relation  
My card is burning  
Everything I am learning  
My fat screen wonder  
Gives me every answer  
In a world much closer  
With so much power  
And people weaker

Ahhhhhhhhh
