I don't care how long this lasts  
We have no future, we have no past  
I write this now while I'm in control  
I'll choose the words and how the melody goes,  
Along winding streets we walked hand in hand  
And how I long for that sharp wind  
To take my breath away again  
I'd run my fingers through your hair  
Hair like a wheatfield I'd run through  
That I'd run through -

And I miss you so - I miss you so  
No you're gone I feel so alone  
I miss you so

I'd send you a flower - a sunflower bright  
'Cause you cloud my days messing up my nights

And all the way up to the top of your head  
Sunshower kisses I felt we had

And I miss you so - Oh baby I miss you so  
Now your gone, I feel so low - oh I miss you so, I do

But I miss you so - Oh darling I miss you so  
Now your gone, I feel so low - oh I said I miss you so, I  
do

All I gotta do is think of you - and I miss you so  
Baby I'm... I'm afraid to say why - I miss you so  
Baby I'm... I'm afraid to say why - Oh I miss you so
