Don't call it love  
I have used that word before  
And I sometimes mean it  
Tho' it's never made me cry  
Until tonight  
Your falling asleep beside me  
Made me feel so much alive  
I thought I'd die  
But let's not call it love  
Don't call it love

Don't call it love  
Although I've heard it sung in songs  
And thought I'd tasted  
Special feelings in a line  
Until tonight  
And nobody knows the feeling  
Of your perfect body  
Pressed so close to mine  
But let's not call it love  
Don't call it love

You and I  
Aren't questioning the ages  
Or the generations past  
But in the time we've known  
We've discovered  
Lyrics  
Feelings of our own  
Don't call it love  
Don't call it love

Don't call it love  
If it hasn't got a name  
No one can claim it  
It will always be our own  
To wander free  
And no one will dare to tame it  
We can share it and then  
Watch how it grows  
But let's not call it love

Don't call it love  
Don't call it love
