He led me astray When my mind was weak That's all I
can say Ba-baby He filled me with words And knew I
would believe He's nothing but dirt Sorry [Chorus:] If
you bend time back 'round Will you bend it to me? If
you bend time back 'round Will you bend it to me? If
you bend time back 'round Will you bend it to me? If
you bend time back 'round Will you bend it to me? He's
a pretty face Dressed up to the "T" Nothing but a space
Underneath I felt like a fool I turned from you so fast
Time takes me from you Bend it back [Chorus] If I
could do it once again I'd never let the bastard in He's
puttin' on a show The curtain's crashing down and
closin' I wish to back up my steps So you'd have
nothing to forget A flip to reality I wanna pretend you
did not see it Dika dika dy-i-i, dika dika doo Dika dika
dy-i-i, dika dika doo Dika dika dy-i-i, dika dika doo Dika
dika dy-i-i, dika dika doo Twisted up in knots He had
me so confused He turned my every thought Away
from you I was drifted out On a fantasy But now I'm
comin' 'round Back to me [Instrumental] Du doop du
doop doo, hey- du doop du doop doo Du doop du doop
doo hey- du doop du doop doo Du doop du doop doo,
hey -du doop du doop doo Du doop du doop doo, hey-
du doop du doop doo If you bend time back Bend it
back to me (Oh) If you bend time back Bend it back to
me (Oh) (I said) [Chorus 2x to fade]
