I had everything I ever wanted in my life  
Wasn't lookin' for nobody to be satisfied  
Wasn't looking for a honey or a steady girl  
'Til I turned around the corner and you rocked my  
world

You were walkin' down the street  
Body boomin' to the beat  
You had everything complete  
You was cold, too cold

And the funky things, you said  
Was like music to my head  
And you turned around and said  
"Baby let's go"

You're so sexual, sexual  
So intellectual, yeah so incredible  
So emotional, oh emotional, yeah  
You have everything I want  
You have everything I need

Upside down you're turning me  
Ooh it's an emergency  
Could it be I'm fallin' for your crazy love  
I want your body next to me  
Ooh with such an urgency  
Could it be I'm fallin' for your crazy love

I hear everybody talkin'  
That your mind ain't right  
And they all say  
I gone crazy girl but that's alright

'Cause the things we do together  
They mean so much more  
Boy you got me feeling things  
I've never felt before

You're so sexual, yeah sexual  
So intellectual, so incredible  
So incredible, emotional

You have everything I want  
You have everything I need

Upside down you're turning me  
Ooh it's an emergency  
Could it be I'm fallin' for your crazy love  
I want your body next to me  
Ooh with such an urgency  
Could it be I'm fallin' for your crazy love

Upside down you're turning me  
Ooh it's an emergency  
Could it be I'm fallin' for your crazy love  
I want your body next to me  
Ooh with such an urgency  
Could it be I'm fallin' for your crazy love

Do you know what you want baby?  
Do you like what you see?  
Do you wanna have some fun with me?  
I can give you just a little taste, just a little bit  
If I give it all to you, can you handle it?

Let me have it all, let me have it all  
Let me have it all, let me have it all  
Let me have it all, let me have it all  
Let me have it all, let me have it all

Upside down you're turning me  
Ooh it's an emergency  
Could it be I'm fallin' for your crazy love  
I want your body next to me  
Ooh with such an urgency  
Could it be I'm fallin' for your crazy love

You know you drive me crazy  
You know you drive me crazy  
You know you drive me crazy  
You know you drive me  
You know you, you know you do

You drive me crazy  
You know you drive me crazy for your crazy love  
You know you drive me crazy  
You know you drive me  
You know you do, you know you do

You drive me crazy  
You know you drive me crazy for your crazy love  
You know you drive me crazy  
You know you drive me crazy for your crazy love
