Good night, my love

Good night, my love

Pleasant dreams and sleep tight my love

May tomorrow be sunny and bright

And bring you closer to me

Before you go

There's just one thing I want to know

Is your love still warm for me

Or has it gone cold?

If you should awake

In the still of the night

Please have no fears

I'll be there

You know I care

Please give your love to me, dear

[repeat first verse]

Good night, my love
