I made mistakes when I played with your mind  
Gave you excuses with each story line  
If you ask me how I feel  
My love is for real

Watching you wondering what I feel inside  
Deep in my soul I've got nothing to hide  
If you ask me how I feel  
My love is for real

So baby please don't worry  
I wanna make it better  
I wanna be your only love

This time I'll understand you  
I'll never leave your side  
This time it's got to be for you

Let's put an end to these long lonely nights  
Things that were once wrong now turned out all right  
If you ask me how I feel  
My love is for real  
If you ask me how I feel  
My love is for real

You told me, you loved me  
You said that  
I need you, you want me  
I told you

So baby I won't tease you  
I'm gonna make it better  
I wanna be your only love  
This time I'll understand you  
I'll never leave your side  
This time it's got to be for you

If you ask me how I feel  
My love is for real
