My love

My love is for real

I made mistakes when I played with your mind

Gave you excuses with each story line

If you ask me how I feel

My love is for real

Watching you wondering what I feel inside

Deep in my soul I've got nothing to hide

If you ask me how I feel

My love is for real

If you ask me how I feel

My love is for real

So baby, please don't worry

I wanna make it better, I wanna be your only love

This time I'll understand you, I'll never leave your side

This time it's got to be for you

Let's put an end to these long lonely nights

Things that were once wrong now turned out all right

If you ask me how I feel

My love is for real

If you ask me how I feel

My love is for real

You told me, you loved me, you said that

I need you, you want me, I told you

So baby, I won't tease you

I'm gonna make it better, I'm gonna be your only love

This time I'll understand you, I'll never leave your side

This time it's got to be for you, oh baby

If you ask me how I feel
I won't tease you
If you ask me
My love is for real, oh baby

I said, "If you ask me how I feel
If you ask me, I won't tease you"
My love is for real
My love is for real
My love is for real
