You, I wanna talk about it
This is not a fantasy
This is fact
If I am the play
I want you in every act
I want you in every act
Every act, every act
I want you in every act

You got a sexy way
About you baby, you
You do everything
A body can take
You know how you do

All I want is you
You give me a fever of 110
You know you do
Ooh love you as hard as I can
You know I want you, you

All I want is you

Ooh baby, here comes the private part
You, oh baby what you do to me
You really put it through to me, ooh
I'm talking about you
You, oh baby what you do to me
You really put it through to me, ooh
I'm talking about you, ooh

You a candy-coated carousel
Of kickin' little
Tickle-me do's
That really do
Me through and through

You
All I want is you

You know this is for you baby
Watch me dance

Oh you make me wanna dance
For only you
You, I do things I never
Thought I'd do
My heart is chill

You, you
You, you, you, you
All I want is you

You, I'd give you anything on the
Earth it's true
Oh you
Bounce the ball you we're the first
This is true too
All I want, all I want is you

You you oh you

You, I could talk about you
All night long
This is not a fantasy
This is fact
All I want is you
