I can't think straight
Help me now before it's too late
Now what do I care?
'Cause we're going nowhere

Going nowhere
Going nowhere
Going nowhere

I can go there
I can go there

I can't think straight
Help me now before it's too late
Now what do I care?
'Cause we're going nowhere

Going nowhere
Going nowhere
Going nowhere
Help me

Going nowhere
Going nowhere
Going nowhere

I can go there
I can go there
I can go there
I can go there
