Yes, no, maybe is all I need to hear from you  
If things go crazy, she's lost herself and lost to you  
Now that nothing's spoken she's out there on the ice  
again  
She's breaking down slowly, colliding as she holds your  
hand

You don't know what to do  
There's a game now, we'll be there for you  
You don't know what to do  
There's a game now, we'll be there for you

Yes, no, maybe is all I need to hear from you  
If things go crazy, she's lost herself and lost to you  
Now that nothing's spoken she's out there on the ice  
again  
She'll take me down slowly, she's holding on to what  
she can

You don't know what to do  
There's a game now, we'll be there for you  
You don't know what to do  
There's a game now, we'll be there for you

You don't know what to do  
There's a game now, we'll be there for you  
You don't know what to do  
There's a game now, we'll be there for you

If that's what it takes then don't let it tear us apart  
Even if it breaks your heart  
If that's what it takes then don't let it tear us apart  
Even if it breaks your heart  
Even if it breaks your heart, even if it breaks your heart
