Take my hand if you know where I'm going through
Take my hand if you know where I'm going

You know ow
You know ow

All you need is a dream and a lover too
All you need is a dream and a lover

Take my hand 'cause I know what you're going through
After the time I haven't known where you're going

You know ow
You know ow
It's my dream that you've chosen if you wanna to
It's a turning cause your if you wanna

You know ow
You know ow

I set me free
But I with hands of dreams
I know fresh down the sea
To wonder will agree
