Ooh, ooh, ooh
Hey, hey, hey
(Let's go)

Something about the times that we're living
Everybody's growing up so fast
Crazy how these young boys act

You give a boy a little attention
(Uh huh)
All of a sudden he's all on your back
Dirty talking this and that

And I'm like, what's wrong with you?
All I said was that you're kinda cute
I never said I wanted to be with you

You just don't get the picture
I'm too young to be all up on you
You try to play me for a fool
When they do I'm like

Hey, get back
(Hey)
Get back
(Hey)

Get back
(Hey)
Get back
Just back up off of me, no, no, no
Just back up off of me, don't think so

Hey, get back
(Hey)
Get back
(Hey)

Get back
(hey)
Get back
Just back up off of me, no, no, no

Just back up off of me, don't think so

Please don't think you're gonna convince me

(No)

I know exactly where I'm supposed to be mentally and physically

So all your sweet talk, hey baby, hey baby

I ain't no holla back so miss me with all of that

And I'm like, what's wrong with you

All I said was that you're kinda cute

I never said I wanted to be with you

You just don't get the picture

I'm too young to be all up on you

You try to play me for a fool

When they do I'm like

Hey, get back

(Hey)

Get back

(Hey)

Get back

(Hey)

Get back

Just back up off of me, no, no, no

Just back up off of me, don't think so

Hey, get back

(Hey)

Get back

(Hey)

Get back

(Hey)

Get back

Just back up off of me, no, no, no

Just back up off of me, don't think so

I'm trying not make you wanna stay

(Hey)

Got better things to do in my time

Than to be all into you like a fool

Letting you play with my mind so boy don't need to try

Hey, get back

(Hey)

Get back

(Hey)

Get back
(Hey)
Get back
Just back up off of me, no, no, no
Just back up off of me, don't think so

Hey, get back
(hey)
Get back
(Hey)

Get back
(Hey)
Get back
Just back up off of me, no, no, no
Just back up off of me, don't think so

Hey, get back
(Hey)
Get back
(Hey)

Get back
(Hey)
Get back
Just back up off of me, no, no, no
Just back up off of me, don't think so

Hey, get back
(Hey)
Get back
(Hey)

Get back
(Hey)
Get back
Just back up off of me, no, no, no
Just back up off of me, don't think so

Just back up off of me
Just back up off of me
Just back up off of me
Just back up off of me
