Yea yea yea yea, Oh ohh
Yea yea yea yea
I'm in the building
Yea see I'm winning
I'm getting money by the New York minute
We'd about steady
Gotta quit sex and the city
Hard but sweet like candy
Gladiator not a faker
Swag high to the ceil skyscraper
You's a dominator
Come around town terminator
You ain't bout that see ya later
Calling out my name no I ain't gonna stop don't stop
I don't know you boy stop
You don't know me boy stop
You ain't never pass and go boy stop
You like my terrier cuz it bounce like jello
Hands to yourself now don't make me get ghetto
Acting like that boy you can talk to my back
Never get my beso besos
Swing my pony tail cuz you're not my type of fellow
You don't wanna taste come on boy just a little
Save all of that boy you can talk to my back
Never get my beso bessos

You think I'm pretty
But silly nappy
Ya tryina diss me boy I can get with it
Yea I'm not with the dirty
Talk to me like I'm a birdie
That's not the way I get flirty
Calling out my name no I ain't gonna stop
Screaming out hey no I ain't gonna stop
I don't know you boy stop
You don't know me boy stop
You ain't never pass and go boy stop
You like my terrier cuz it bounce like jello
Hands to yourself now don't make me get ghetto
Acting like that boy you can talk to my back
Never get my beso besos

Swing my pony tail cuz you're not my type of fellow
You don't wanna taste come on boy just a little
Save all of that boy you can talk to my back never get
my beso besos

I've been through more than one occasion where
I let my guard down so save it please
Sorry I don't have the patience I know what you're
aiming for
why you're tryina get at me
Yea yea yea
I hope you get the memo
You never get my beso beso beso besos
You like my terrier cuz it bounce like jello
Hands to yourself now don't make me get ghetto
Acting like that boy you can talk to my back
Never get my beso besos
Swing my pony tail cuz you're not my type of fellow
You don't wanna taste come on boy just a little
Save all of that boy you can talk to my back never get
my beso besos
You like my terrier cuz it bounce like jello
Hands to yourself now don't make me get ghetto
Acting like that boy you can talk to my back
Never get my beso besos
Swing my pony tail cuz you're not my type of fellow
You don't wanna taste come on boy just a little
Save all of that boy you can talk to my back never get
my beso besos.
